To whom it may concern

**Re: Kristopher Fu, Emcee for Artism 2013**

Spectrum, is a 3-member student team, made up of Sharleen Chiu, Tessa Ann Wong, and Christine Fernando from LASALLE College of the Arts. We are current year 2 students of the BA (Hons) Arts Management programme under the Faculty for the Creative Industries.

We aim not only to raise awareness of Autism Spectrum disorder (ASD), but also strive to advocate that the artistic talents of these artists can be honed. The team is also focused on showcasing the capabilities and skills of artists with autism.

Spectrum organized a group visual arts exhibition featuring the works of artists with autism aged between 8 to 18 years old. The team was privileged to have on board with us Emcee Kristopher Fu for the opening night of the exhibition which was on 27 February 2013 at Institute of Contemporary Arts Singapore, LASALLE College of the Arts.

Kristopher acted with efficiency and professionalism during the preparatory stages of the opening night. It was definitely a pleasure to be able to work with him as he constantly provided useful suggestions with regards to the execution of the event.

Many people at the event commended the emcee for being able to engage the audience as well as for his eloquence. The team is very fortunate to have had such an experienced and humble individual assist us in the opening of the exhibition. He was able to effectively present the proceedings of the opening ceremony in the manner in which we had hoped for.

His spontaneity and initiative is definitely a plus point, and his passion is clearly visible when he is in his element. With his dedication and professionalism, I am certain that Kristopher will be an asset to any event.

Yours sincerely,

Christine Fernando  
Exhibition Manager
