

19 Dec 2012

To: Whom it may concern

**TESTIMONIAL FOR KRISTOPHER FU**

The inaugural Singapore National Games (SNG) 2012, jointly organised by the Singapore Sports Council and the People's Association (PA), was held from 1 to 9 September 2012 with 11,378 competitors from 15 clusters participated with success.

- 2 Mr Kristopher Fu was appointed as the Volunteer Sports Presenter and was deployed to Bishan Stadium and Bedok Reservoir to host the Track & Field and the Road Run Championships respectively.
- 3 As a Sports Presenter, Kris was tasked to lead a team of 3 in managing all key competition site communications during sports competitions including but not limited to the introduction of competitors, events information, announcements, prize giving, entertainment programmes etc. He articulated well with display of good language skills as well as vast knowledge in the subject itself.
- 4 Apart from routine hosting, Kris was also supposed to drive up the atmosphere and engage all stakeholders on-site with pro-active and lively hosting, which he did extremely well. That was an important task as sports competitions alone, might not be energising enough and hence, required leaders to hype up the atmosphere and wow the spectators.
- 5 Kris performed outstandingly in both venues by engaging and connecting not just the competitors, also the spectators and other audience on-site. His energetic performance liven up the competition venues and created much positive experience to all.
- 6 Through his leadership, capability and commitment, the Track & Field and Road Run events under SNG2012 completed with success. As a young man, Kris displayed great professionalism and strong motivation. This augured well for his future endeavour.
- 7 With his competency and commitment, I am sure Kris will do well in all future events.

Yours sincerely,

Ng Eng Soon  
Co-Project Director

Singapore National Games 2012 Steering Committee
